### Versions in

**steel 1.0038,  
electrically galvanized**

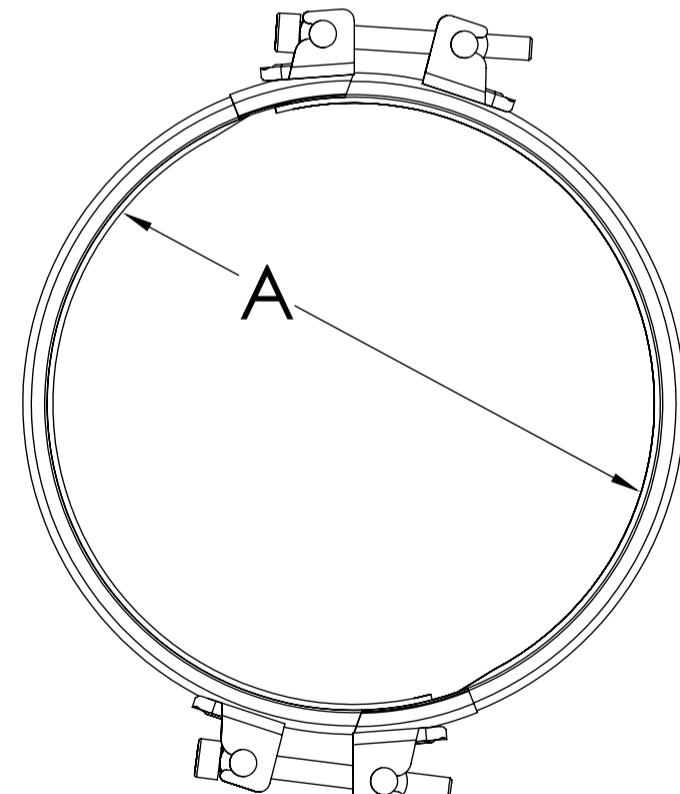

**stainless steel 1.4301**

**i** The two-part ESKATE clamping ring with gasket for 1mm pipe systems is regarded as an all-rounder. It can be used everywhere and due to its special articulated latch technology is considered to be very easy to assemble especially in inaccessible areas. The lug prevents loss of the screw during assembly.

*Note: The gasket can remain in the clamping ring during assembly and does not need to be removed.*

**i** Very short lead times due to all year round availability from stock. Custom and non-standard factory sizes available on request

*Minimum order value: Net goods value of 40.00 euros. The prices do not include VAT, packaging and forwarding. All dimensions in mm. All weights in kg. Subject to errors and alterations.*

We would be pleased to advise you on your individual terms and designs. Just give us a call.
